

# ALGINATES CARRAGEENANS

**CECA.**  
**First in**  
**Europe. In**  
**America at last.**

Europe's top supplier of textural agents now operates an American office.

Providing lot-to-lot consistency in the highest-grade carrageenan and alginate. Prompt delivery from a central location in St. Louis, Missouri. And cost-efficiency—sometimes because our products cost less, other times because they work more effectively.

Let us send you a free booklet on another area of CECA expertise—UHT processing. Just contact Don Combs at CECA. The leading source in Europe for over twenty years. And in America from now on.
