Isomeroose®

100

**Brand High Fructose
Corn Syrup**

Won't alter flavors. Ideal as a total sweetener or blended with sucrose syrups in soft and fruit drinks, dressings, desserts, table syrups, canned goods and condiments. Fructose content: 42%.

Isomeroose®

550

**Brand High Fructose
Corn Syrup**

Excellent for still and carbonated beverages and wherever low level sweetener solids are desired. A one-for-one replacement for sucrose and up to 10% sweeter than Isomeroose 100. Top sweetness flavor profiles, shelf life. Fructose content: 55%.

Isomeroose®

900

**Brand High Fructose
Corn Syrup**

Super sweet. For use as the only sweetener in low-cal beverages, preserves, syrups, dressings and condiments and more. Eliminates aftertaste when used in blends with synthetic sweeteners. Fructose content: 90%.
