

WE CATER

...to your powdered ingredient needs.

We take viscous, difficult to handle ingredients and make them into a pourable uniform powder.

Our inventory always carries:

FC Powdered Honey, dried from the finest pure Yucatan honey.

FC Powdered Molasses and Molasses Blends, processed by advanced techniques to prevent the serious caking problem.

FC Powdered Caramel Colors, dried to avoid lumping, practically non-hygroscopic.

Whatever your "game", we have the right aim. We'll create ingredients to your powder specifications and delivery needs. Don't fool around. Why not be sure.

Contact us for details.
