

The Scoop on Penreco Petrolatums...

is that you can be absolutely sure of their purity and uniformity...order after order after order. At Penreco we don't regard purity as a quality feature; it is the *essential* feature.

Penreco Petrolatums meet or exceed FDA & USP requirements. They are odorless, tasteless, non-irritating, inert, stable and

highly versatile ingredients that may solve a product or production problem for you. For complete specifications or test samples, contact Charles Steenbergen or any member of our technical department. Penreco, 106 South Main Street, Butler, PA 16001. Call Toll Free (except in Pennsylvania) 800/245-3952. In Pennsylvania, call 412/283-5600.
