

LONZA

It's time for a change!

Polyaldo® polyglycerol esters — The alternative in emulsifiers.

Multifunctional ingredients for a variety of applications, Lonza's Polyaldo® polyglycerol esters allow for the kind of dependable consistency you've come to expect in a high quality emulsifier. What you won't find in Polyaldo are unpleasant odors, tastes, color or high costs.

Derived from natural sources, Polyaldo polyglycerol esters do more than meet your current needs—they anticipate your future requirements as well. Isn't it time you consider a change?
