

The Proof Is In The Pudding... And The Doughnuts...And The Candy...And The...

For the performance
you demand, look
to Corn Products.

DEXTROSE

*Dextrose*TM Baking Confections. Processed Foods. Corn Products is committed to serving your high quality dextrose needs, plus, Count on our experience. We developed the first dextrose from corn over 70 years ago, and today have over 100 product patents.

Benefit from our variety. No one offers a more extensive line of dextrose products, including Cerelose[®] hydrate and coarse grades. Unidex[®] agglomerated dextrose, and Royal-T[®] dextrose with maltodextrin. And we are expanding to meet your growing needs. Trust our quality. Efficient manufacturing operations, incorporating SPC techniques, yield unsurpassed product quality.

Depend on our service. From technical expertise and a wide variety of packaging options to dependable delivery, we'll work with you to meet your needs.

The end result? Product success and customer satisfaction. You'll get all that and more when you partner with us.

Corn Products, 6500 Archer Rd.,
