

Gumix will go to the end of the world to bring you the finest quality natural gums.

Count on us for all-natural gums gathered from around the world...gums like **Arabic (Acacia)**, **Tragacanth**, **Locust Bean** and **Guar**.

We also have successfully developed a series of pure, natural, water-soluble gum blends for applications as stabilizing, gelling, suspending or thickening agents in a wide range of food products such as salad dressings,

sauses, fruit drinks and more.

We're proud of our tradition of technical expertise. Our stringent quality controls and extensive international network insure batch-to-batch uniformity and continuity of supply.

Put the resources of Gumix to work for you. For the finest natural gums available anywhere, call us today.
