

Want to reduce sodium levels?

If you're working to reduce sodium content in your product, work with Ribotide®, the economical, and flavorful, replacement for MSG.

Ribotide is a unique flavor enhancer, a nucleotide which can replace up to 85% of MSG and reduce its sodium factor by as much as 83%. At the same time, it enhances flavor and cuts costs by as much as 63%.

Ribotide. A creative approach to sodium content problems.
