

# We're big in Snack Foods.

The people from Mid America Farms are proud of the fact that we have now become one of the largest ingredient manufacturers of custom cheese powders and blends to the snack food industry.

Mastergrade **Snack Flavor Coatings** are especially developed for chippers and snackers who require flavored-cheese coatings. Some favorites are cheddar, sour cream & onion, cheddar & onion, sour cream & bacon, Jalapeno, Taco & onion, just to name a few.

We also formulate **Custom Cheese Blends** used specifically for main dishes, gravies, meats, fondues, entrees and frozen foods.

And, Mastergrade **Cheese Powders** are great for toppings, soups, breads, and spreads of cheddar, blue, romano, Parmesan and Swiss.

You can "see" now, why they call us the Masters of Custom Dehydrating. We're just...big cheese!

For more info, or for a free sample of any Mastergrade cheese powder or blend, phone toll-free 800-641-7140 or write, Mastergrade 1837 S.S. Station, Springfield, Missouri 65805.
