

**A FAST-FLO LACTOSE
CRYSTAL IS ROUND,
SO IT ROLLS,
SO IT DOESN'T HANG
AROUND PLUGGING
UP MACHINES**

And this means your processed food ingredients flow faster and package instantly. Absolutely! No more will your ingredients lump and clump, or your machines go out of whack.

Since Fast-Flo won't let your operation grind to a halt, you're operating more efficiently, which means you're making more money.

Fast-Flo has given a nice push to everything in food processing from soft drinks to gravy bases. If you're a food processor, drop Foremost

a card for all the details about amazing Fast-Flo Lactose. FOREMOST INDUSTRIAL, 111 Pine St., San Francisco, California. Phone: (415) 392-5121. In Canada: Peebles Products, Ltd.
