

# FILLING NEEDS... HOW WE DEFEATED THE ABOMINABLE ICEMAN

Adaptability!

The Autoprod Filling Machine with Built-In Flexibility to fit YOUR NEEDS.

Adaptability and flexibility are designed built into the Autoprod Multi-Piston Filling Machines. Design flexibility makes our machine easily adaptable to your present and future system. Our all stainless steel construction permits a total sanitary filling operation.

The Autoprod custom designers can outfit your production line with filler heads tailored to your specific needs with such features as:

- Capabilities to fill cans, jars, trays, aerosol cans, etc.
- Broad fill range adjustable up to one gallon.
- Precision made parts guarantee greater fill accuracy.
- Handle thick or thin liquids with suspended particles.
- Food Forming and Shaping Capabilities.
- Easy cleaning and maintenance.
- Less than five minute change-over.

### THE PROBLEM IS ICE

heretofore, when you got an insulated building, no matter how expensive, you got the Abominable Iceman's ice along with it. And ice means vapor leaks, compressors working overtime, spoilage and probable building damage.
