

Miranol. World Leaders in Amphoteric Surfactants.

We keep you ahead in a changing world with the finest line of surfactants, including Miranols®, Mirawets®, Mirapols®, Miramines®, Mirapons® and Mirataines®.

The widest range of applications. Our products offer excellent properties for use in formulations for cosmetics and toiletries.

We also offer a complete line of surfactants

for maintenance products, industrial cleaners and for processing chemicals, textiles and paper.

Expert technical assistance. Our staff of chemists is highly qualified, ready to help you with information on stock amphoterics and ready to modify or innovate formulations for special purposes.

State-of-the-art manufacturing and storage facilities. Whether you require a drum or a tank truck, we can ship your needs from stock usually within one day.

Miranol. Serving the world's most demanding companies for over thirty-seven years. We're always ready to work for you.
